

Pool & Hot Tub Closure Notice

As part of our spring upgrades to the west side of the property, The Bayside Pool & Hot Tub area will be unavailable for use through mid May.

This is a crucial stage of our ongoing work to enhance every aspect of the experience here at the Bayside. Understanding that this may influence current guests of the resort, we greatly appreciate your patience & grace during these essential improvements.

While the precise timeline of the work is unavailable at this time, we will work hard to keep our current & future guests informed about how this may affect their stay.

The banner at the top of www.baysideresortparksville.com will contain the most up-to-date information available.

Should you have any concerns, our front desk team is on hand to answer your questions.

Thank you,

The Bayside Team
